

Political Notices

To Republican Delegates:
I hereby respectfully solicit the individual votes of delegates to the District and County Convention of the Republican party for myself as candidate for Supervisor, hailing from the first precinct, where I have been elected as a delegate. I am running on my record as a member of the first Board of Supervisors of the City and County of Honolulu, which I have had abundant assurance was a record that gave thorough satisfaction to all sections of the constituency.

Yours respectfully,
DANIEL LOGAN.

Honolulu, September 13, 1912. 61

NOTICE.

I hereby announce my candidacy for the office of Mayor of the City and County of Honolulu, subject to the action of the Republican District and County Convention.

5341-5t EBEN P. LOW.

NOTICE.

I hereby announce my candidacy for the office of Supervisor for the City and County of Honolulu, subject to the action of the Republican District and County Convention.

5341-5t J. B. ENOS.

NOTICE.

I hereby announce my candidacy for the office of Representative, Fourth District, subject to the action of the Republican District and County Convention.

5341-5t NORMAN WATKINS.

NOTICE.

I hereby announce my candidacy for the office of Supervisor for the City and County of Honolulu, subject to the action of the Republican District and County Convention.

5341-5t EMIL A. BERNDT.

NOTICE.

NEW TODAY

HAWAIIAN LODGE NO. 21, F. & A. M.

THERE WILL BE A SPECIAL meeting of Hawaiian Lodge No. 21, F. & A. M., at its lodge room, Masonic Temple, corner of Hotel and Alakea streets, THIS (Wednesday) EVENING, September 18, 1912, at 7:30 o'clock.

WORK IN THIRD DEGREE. Members of Honolulu Lodge, Oceanic Lodge and all visiting brethren are fraternally invited to attend. By order of the W. M. K. R. G. WALLACE, Secretary.

DR. NORGAARD REPORTS ON DOG QUARANTINES AND MILK TESTS

Urges New Station at Schofield—Local Equipment Sufficient

Following is the August report of Dr. Norgaard, veterinarian, and executive officer, and members of the Board of Commissioners of Agriculture and Forestry.

I beg to report on the work of the Division of Animal Industry for the month of August, 1912.

The importation of dogs remains about the same number of animals, that is from 16 to 20, as was found to be present at the end of the first four months, or, in other words, about an equal number is coming in as is going out. Unless, therefore, an unexpectedly large importation should come again, such as might accompany a new regiment of soldiers, it may be concluded that the quarantine station as now established will serve all present requirements.

The fifteen dogs which have been kept in quarantine at Schofield Barracks were released a few days ago, all of them being found sound when last inspected on the 5th inst. The temporary kennels which were built for the accommodation of these dogs were, after four months' service, considered the worse for wear, and if future importations of dogs belonging to the various arms of the military service are to be granted the same privileges, that is, are to be quarantined at Schofield Barracks, or on military reservations, it would seem well for this Board to insist on the construction of quarantine quarters of a more permanent nature than those hitherto provided.

From official reports received at this office, as well as from newspaper reports, it appears that rabies is spreading constantly, having now invaded the state of Oregon and caused the promulgation of a muzzling act in Portland, which requires all dogs to be either muzzled or kept in leash if brought into the streets of that city.

Certified Dogs. By the S. S. Zealandia there arrived on the 10th inst. three dogs from New Zealand, the same being consigned to the Lanai ranch. These dogs were accompanied by a certificate signed by the director of the Division of Live Stock and Meat of the Department of Agriculture, Commerce and Tourists of the Dominion of New Zealand, to the effect that the disease of rabies does not exist in New Zealand and moreover has never been known to exist in that country. While the importer has made no application to this Board for a permit of importation, it would seem that all other requirements of the rabies regulation have been complied with, and it is therefore recommended that the three dogs in question, which are detained at the local quarantine station pending the Board's decision, be allowed to proceed to their destination (Lanai) by the first available steamer, that is the Mikahala on September 17th.

Similarly, three other dogs are expected to arrive from Liverpool, England, within a few days. These dogs are also accompanied by certificates to the effect that rabies has not been known to exist in England for several years and the agents (Messrs. Schaefer & Co.) are anxious that the dogs should be allowed entrance to the Territory upon arrival without quarantine.

This, I believe, can safely be granted if the steamer carrying the dogs has not docked at any infected port since leaving Liverpool, or if such was the case that proper precautions were taken to prevent contact with other dogs while in port.

The swimming tank at the quarantine station has been practically finished, the delay being due to the illness of the contractor. Mr. Oes, whose bid of \$116 was accepted. The tank will undoubtedly add much to the welfare of the confined animals, many of whom are feeling the continued hot weather badly, and, it is hoped, will be able to find much relief by means of frequent immersions in the tank.

Tuberculin Testing. As will be seen from the appended report of the Assistant Territorial Veterinarian, the tuberculin testing of dairy cattle on this island may be considered finished for the present time, or at least cannot be resumed until sufficient rain has fallen to allow of the handling of those range animals which have not yet been tested.

It might, therefore, be well to consider now whether this work is to be extended to the other islands, as recommended in previous reports.

From letters received from the Deputy Territorial Veterinarians on both Hawaii and Maui it would seem that there is a certain demand for the extension of this work, if the cooperation of this board can be secured, or to put it plainly if the work of testing can be undertaken by this Board. To do this properly would, in my opinion, require that either myself or my assistant take actual charge of the work. It would, however, be necessary that the various counties where this is to be done should first pass a milk ordinance requiring the tuberculin testing of all dairy cattle from which milk is drawn for human consumption. It should also be ascertained what financial or other support can be expected from the counties enacting such an ordinance, especially as an automobile will be required for the use of the inspector and his assistant while the work is going on. The milk ordinance in effect in this county might, with a few alterations, be used as a basis for similar regulations elsewhere.

Quarantine Stations on Other Islands. The selection of a site for a quarantine station on Hawaii was ac-

complished by a trip to Hilo during the beginning of August. The site is located on what is known as the Shipman Slaughter House pasture, near the entrance to Waialae Mill. The plans are all prepared and ready for advertising as soon as the new manager of the Waialae Sugar Company takes charge and approves of the arrangement.

In regard to the Maui Station there are several locations offered to the Board but a visit by myself to decide on which one to select will undoubtedly be advisable. The correspondence of Drs. Elliot and Fitzgerald both in regard to the respective stations as well as to tuberculin testing is herewith appended.

Leonard N. Case, assistant veterinarian, gives a tabulated list of dairies visited and animals tested, which shows that a total of 5265 animals were subjected to the test, of which number 5967 passed and 198 were condemned, giving a percentage of 3.76 of tuberculous animals on the island of Oahu. This is a gratifying improvement over last year's test, which showed a percentage of 5.36 of tuberculous animals.

THE CLARION

PALAMA'S DISPENSARY IN NEW QUARTERS

The new building on the Palama Settlement grounds is rapidly nearing completion, and the dispensary has already been moved in.

The dispensary is located in the basement of the new building, which contains several large, well-lighted and well-ventilated rooms. The entrance leads into a long room to be used as a waiting room, and adjoining this is the dispensary proper, which is fitted up with all modern appliances to meet the demand of this particular line of work offered by the settlement. The basement also contains the nurse's room, store rooms and work rooms.

The main building consists of two stories and will be used as a residence for J. A. Rath, head worker of the settlement, and his family, and will also contain rooms for the resident nurses connected with the settlement.

The new building is the result of a long-felt want in the way of a suitable place for the dispensary and of a residence for those directly connected with the settlement. On account of the increased amount of work which has been done by the old dispensary during the last six months, it was found necessary to run the work on a larger plan, and this in turn called for a larger amount of floor space.

The settlement is planning on erecting a new dispensary for the Punchbowl district on the grounds of the Royal School, and the work on this will be commenced soon. This building will take the place of the old Punchbowl dispensary, recently sold.

Circuit Judge Whitney today approved the accounts of J. M. Camara, special administrator of the estate of Jose Francisco Da Costa and discharged him from further responsibility in the matter.

Taft is using a wheel chair, a swollen ankle preventing his walking.

THE NEW REGAL LAST

The "CRISPEN"

We are the only people in Honolulu showing this last. It is taking New York and Chicago by storm. Note the LOW BROAD HEEL and wide shank. This shoe produces perfect comfort and ease. We have a complete stock of them in Tan Calf Bluchers and Oxfords; also in Black Gun Metal Oxfords.

The price is just the same as in New York or Chicago \$4.50
